MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Office of Training Report for the  
Week of 17-24 April

I. Courses

a. SB Course for Military Attaches

25X1A

[REDACTED] Operations School, lectured in a special one-week course (17-21 April) conducted for military attaches scheduled for assignment in Latin America. His subject was the "Soviet Human Target." The course, conducted by SB Division, concentrated on the Soviet target in general and as encountered in Latin America. The SB officer in charge of this course said it was received with great enthusiasm by the students. There is some indication that the military observers who attended the course may be preparing recommendations for expanding it to cover all attaches going to posts where there is a Soviet presence.

d. Basic Operations Course

Course instructors [REDACTED] unanimously 25X1A agree that the use of closed-circuit T. V. as a mechanism for critiquing live problems has been very successful. In addition, selected tapes are being saved in which "Agent/Case Officer" performances are especially effective so that they might be shown to new instructors as part of their preliminary training.

25X1A a. [REDACTED] Operations Course

25X1A The course scheduled for 24 April-2 May is oversubscribed by 19. As a result FE [REDACTED] has requested a special running to be held 26-30 June. The special running will not include the usual concluding 25X1A two-day seminar [REDACTED]

f. Language

Representatives from the Language School and [REDACTED] met on 14 April to determine their requirements in Chinese. They do not intend to send more than two students to full-time Chinese training at the Language School. Senior Executive Course (5-9 June). . . . As part of a continuing series of briefings for the Clandestine Service, the Chief and Deputy Chief of the Language School briefed branch chiefs of the WH Division on the Language Development Program. If they are interested in such a program we are willing to send a team to Headquarters to give proficiency tests to anyone the Division wants tested. This would be a good way to make the language qualifications records more accurate. . . . Registration for the FAES still remains at six.
